

CSCCE Fall Geotechnical Seminar
Reuse of Foundations
Four-Points Hotel
Meriden, Connecticut
30 September 2016

This seminar focuses on case histories involving assessment, evaluation, testing, design, and construction of reusing existing foundations. New York State PDH will be offered pending PIE approval.

Questions and discussion will follow each presentation.

Program

- | | |
|------------------------|--|
| 6:30AM-7:30AM | Exhibitor Setup |
